A mistake. *Not a verdict.*

Keep the fact. Choose what comes next.

ONE MISTAKE, ONE NEXT STEP

01

The fact

What happened? Keep it specific.

02

The extra story

What judgment did I add?

03

A fairer answer

What is true, without the verdict?

04

One next step

What can I do, and when?

Example: "I missed this deadline" is a fact. "I never get anything right" is a verdict. The next step might be to explain the delay.
